Paper #2 Topic

Write a well-argued, 3-5 page paper on the following topic:

Are you persuaded by Rosenberg's claim that courts can only bring about change if other institutional and non-institutional actors support the action in question? What sorts of counter-evidence might a critic of Rosenberg bring to the argument? What did Brown v. Board of Education accomplish?

Your paper should be typed, double-spaced, with normal margins and a 12-point font. Please give precise citations to the texts you use. Do not plagiarize. The paper is due in class on Wednesday, December 4th. I will read drafts that are given to me by Monday, November 25th. Late papers will be penalized ½ a grade for each day they are late. Please hand me a printed copy only.
